■ Stress-free Handling, Material Saving and Easy "Stitch on Stitch" Overlap!

Fabric Guides and Fabric Trimmer Mechanism

Uniquely designed fabric guides and downsized fabric trimmer enables stress-free handling while holding down trimming margin.

Also, for circular work, "stitch on stitch" overlapping can be done without removing the edge from the guide or, even paying any attention on alignment.

■ From Fleece to Microfiber...

Active Thread Control

Epoch-making "Active Thread Control" help you being flexible for any sewing conditions from neatly tightened seam for standard knits, to highly elastic soft seam for recent underwear and sportswear.

Incredible Stretch!!

■ Furthermore...!

Various User-friendly Features

External looper thread tak-up cam for easy adjustment and minimized downtime

Easy switch-over of needle bar stroke from 31mm to 33 and vice versa.

Set-in Style Handwheel for minimized risk for trouble.

■ No worry about oil stain!

"Non-stain" Technology

Stable minimal lubrication, unique sealing technology, and forcible circular lubrication ensures stain-free finish, without sacrificing machine's performance.
